

Development of Medicines Information Services in a Community Trust Setting

John Lightfoot, Lead Pharmacist Medicines Information & Education

What are community trusts?

- Secondary care organisations
- Established following NHS re-organisation and commissioner/provider split
- Different models for delivery of community services adopted throughout the NHS
 - Community services provided under umbrella of Acute Trusts / Mental Health Trusts
 - Stand-alone organisations (e.g. KCHFT) including some provision from private providers such as VirginCare

Kent Community Health NHS Foundation Trust (KCHFT)

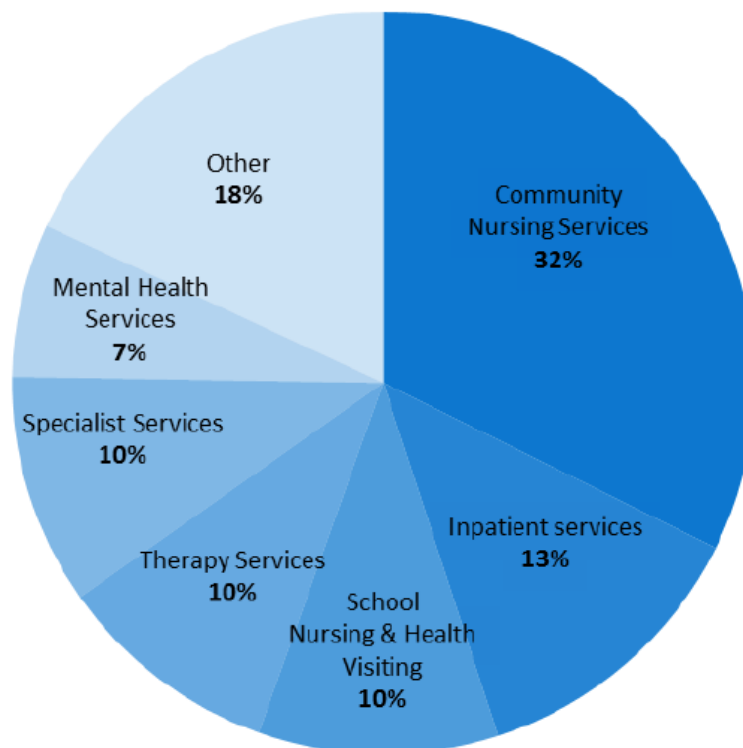

- One of the largest NHS community health providers in England, serving a population of about 1.4 million across Kent and 600,000 in East Sussex and London
- Employs more than 5,000 staff, including doctors, community nurses, physiotherapists, dietitians and many other healthcare professionals

What services are provided?

- 8 Community Hospitals
 - Step-down / rehab care or Step-up admission from the Community
- 7 Minor Injury Units
- Community / District Nursing including 'Rapid Response'
- Specialist Community Nursing e.g. Diabetes, Cardiac Rehab, Respiratory, Epilepsy
- School Nursing / Immunisation
- Community Childrens Nursing
- Health Visiting
- Sexual Health – HIV / GUM / Contraception
- Community Dental Services
- Community Physiotherapy
- Speech and Language
- Home Enteral Nutrition
- Learning Disabilities

What services are provided?

Community health trusts

Medicines Information Team Journey

In 2012 the post of Lead Pharmacist Medicines Information and Education was advertised and recruited to

Medicines Information Team Journey

- Ad-hoc enquiry answering service (Duty rota)
- Mainly paper-based storage of enquiries (not searchable)
- Access to a very limited range of resources
- No affiliation with UKMi
- No peer review / service audit
- No medicines information training

Medicines Information Team Journey

- In early 2013 recruited a Pharmacy Technician and Pharmacy Support Worker
 - All post-holders have split role with Education & Training
- Began networking with UKMi Regional and Local Centres
- UKMi National Training Programme
- MiDatabank
- UKMi free access and resources for purchase
- SOPs
- KPIs

Medicines Information Team Journey

- Service formally launched in September 2013
- First UKMi external peer-review in December 2013
- Pharmacy Technician became AMITTS accredited in July 2014
- Patient line launched in 2016

Service Activity

Average numbers of enquiries per month

Enquiry Types

- Immunisations – 50-60% of total enquiries

The Future

Drivers to increase the provision of more complex care in the community setting are expected to mean containing increases in demand:

- 2012 Health and Social Care Act
- NHS 5 Year Forward View
- NHS operational productivity: unwarranted variations in mental health and community health services Lord Carter 2018
