

UKMi website and discussion group (MI-UK) access

The table below identifies users of UKMi website and discussion group and defines their permitted access to password-protected areas.

- The normal password for protected areas and products of the UKMi website (www.ukmi.nhs.uk) can be granted by local MI centres, if identified in green in the table.
- All access to and passwords for New Drugs Online (NDO) levels 1 and 2 are controlled by the London Medicines Information Service (Northwick Park)
- All access to and passwords for the MI-UK Discussion Group are controlled by the North West Medicines Information Service (Liverpool)
